

**SAGE AND SULPHUR
DARKENS GRAY HAIR**

Brush This Through Faded, Lifeless Locks and They Become Dark, Glossy, Youthful.

Hair that loses its color and luster, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and luster and gives it an appearance of abundance.—Advt.

**FAILING TO SAVE CHILD
MOTHER KILLED SELF**

Three-Year-Old Girl at Wilkes-Barre, Pa., Set Herself on Fire While Playing With Matches.

Wilkes-Barre, Pa., Oct. 24.—Mary, aged three years, daughter of Mrs. John Most, was burned to death while playing with matches yesterday.

Her mother, after trying in vain to save the child, frantic with grief, procured a revolver and standing in front of a mirror, shot herself through the head, dying instantly.

**Finest Ever for Sore Feet,
Callouses, Corns, Bunions**

Your feet are inflamed, that's why they are sore; that's why they burn and sting and ache and keep you feeling miserable.

Half-way remedies won't help, you've got to draw the inflammation right out and banish all agony, and if you'll just rub on BEGY'S MUSTARINE to-night your feet will be O. K. in the morning.

It does the same things for corns and bunions and callouses. It draws out inflammation anywhere and does it so speedily that results are astonishing.

BEGY'S MUSTARINE will not blister, but it will stop the most terrible headache, headache, earache or toothache in a few minutes. Use it freely.

**RATE INCREASE
TO BE ALLOWED**

Said Commissioner Prouty After Hearing Boston & Maine Affairs

COMMISSION WILL DECIDE BEST COURT

Hearing Before Joint Board of Nation and States Concluded

Boston, Oct. 24.—Investigation of the railroad rates in New England by interstate commerce commission closed yesterday after a hearing given Howard Elliott, chairman of the New Haven directors, and President Morris McDonald of the Boston & Maine.

Commissioner Charles A. Prouty, who sat with commissioners of Maine, New Hampshire, Vermont and Massachusetts said after the hearing without doubt the Boston & Maine would be allowed to increase its rates but the full interstate commerce commission would come to Boston next month to determine finally the best thing to do.

Chairman Elliott said that if the Boston & Maine was compelled to fail and pass into the hands of receivers, it would mean a large financial loss. He declared that the New Haven, through the Boston Holding Co., has a large holding in the Boston & Maine, and as a large stockholder, would look after it.

President Morris McDonald of the Boston & Maine and Maine Central railroads testified that he received a salary

**STOMACH MISERY
GAS, INDIGESTION**

"Pape's Diapepsin" Really Does Fix Sick, Sour, Bloating Stomachs in Five Minutes—Time It!

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapepsin will save them from any stomach misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which does not agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night, it is handy to give the quickest, surest relief known.—Advt.

of \$35,000 a year from the former and \$15,000 from the latter, and that about all of the time he puts in directly on the latter is on Sundays, although he keeps track of everything carefully and directs its affairs by telephone from Boston. He considers that he can do this as well here as if he were in Portland. He told of presents of \$40,000 from the Maine road and \$60,000 from the Boston & Maine made to Charles S. Mellen when the latter quit those railroads after three years' services without compensation.

Mr. McDonald defended the Maine Central's purchase of the Ricker and other hotels as sound from a business viewpoint, although this idea was questioned by Frederick J. Macleod, chairman of the Massachusetts public service commission, and G. W. Anderson, a member of the board. Mr. McDonald avoided answering directly a question as to what was his opinion of the much-discussed and costly Hampden railroad, built under the Mellen regime, but he did declare that if the idea of such a road was put before him he would turn it down.

Topographic Maps Constitute Dictionary of Altitudes.

The topographic maps made by the United States geographical survey show by means of contour lines, of which there are thousands on some maps, the altitude above sea level of every portion of the areas represented. In addition to portraying all physical characteristics, as well as the works of man, these maps constitute a wonderful detailed atlas of altitudes, showing the height of every hill and slope. As the portion of the United States already mapped is more than 40 per cent. of the total area and includes also the most important regions these maps constitute in fact a comprehensive dictionary of altitudes.

**Topics of the
Home and
Household.**

Dry cut glass with soft tissue paper if you want it to be brilliant.

After having greased cake tins, dip in flour and shake all off that does not adhere and cake will not stick.

Fine linens and all pieces of handsome lingerie should be wrung out by hand and never through a wringer.

Three tablespoonfuls of baking soda in a quart of water applied with a rough cloth will remove the old varnish very easily when you wish to revarnish furniture.

A great many persons find it difficult to wrap up a cake that has a soft frosting without having the frosting stick to the paper. If you stick a few toothpicks into the cake and then wrap it up, you will find that the toothpicks will hold up the paper very nicely.

If a glossy starch is added to the ordinary lump starch used for dark prints, the pieces can be easily ironed on the right side without making any visible change in the appearance of the material, which is noticeable when ironing dark, red, blue and black pieces especially.

When washing blankets pour into a tub half a pint of household ammonia and lay a blanket over it; cover immediately with lukewarm water. This sends the fumes of the ammonia through the blanket and loosens the dirt. The blanket should then be stirred about with a stick and pressed until all the dirt seems to be in the water, then rinse in a tub of clear water of the same temperature as the first. Run lightly through a wringer and hang out to dry.

Putting Up Grape Juice.

In putting up grape juice, says the Commoner, the bottles must be clean and sweet, with new corks, and sealing wax, or paraffin wax to use about the neck of the bottle; the grapes should not be over-ripe, if a clear, nice liquid is desired; the over-ripe grapes give a darker color and stronger flavor than the "just ripe" kind.

A porcelain-lined or enameled ware, or aluminum kettle should be used, and the lining on the kettles should be without crack or scaled place. A flannel or double-fold cheese cloth bag should be used for straining the juice, and it should be allowed to drip, with no squeezing, as the squeezing forces the fine pulp through and the juice is clouded by it. Every bruised or decaying grape should be carefully removed.

The juice can be sealed in fruit jars, if wanted, and small jars are to be preferred to large size, that the juice may be used at once, before fermentation takes place—which it quickly does after the vessel is opened. Wild grapes may be used, but where they are plenty, the Concord and other common varieties are very good. If home-grown, the grapes should not be gathered before the dew is off in the morning or just after a rain, but should be allowed to dry well

before picking. After putting up, the bottles should be put away in a cool, dark place; some recommend laying them on the sides, giving as a reason that this will keep the cork wet, and prevent shrinking.

Recipes of Various Kinds.

Banana Cream.—Force through a ricer 1 cup of banana pulp, mix with 2 tablespoonfuls of powdered sugar and the juice of 1/2 lemon. Beat thoroughly, add 1 cup of whipped cream, beat again and serve in frappe glasses after chilling.

Grape Sponge.—Cover 2 tablespoonfuls of gelatin with half a cup of cold water; when soft pour in 1 quart of boiling grape juice, add 1 cup of sugar and the strained juice of 1 lemon and stir until dissolved. Cool, add the stiffly beaten whites of 4 eggs, heat until the mix-

ture begins to stiffen, then turn into a wet mold and place on ice to harden. Unmold and serve with whipped cream.

Grape Conserve.—Two quarts grape juice, boil 1/2 hour; add equal amount heated sugar and 6 oranges (cut off white), cut up small pieces of the yellow and the oranges in small pieces. Use 1 pound seeded raisins, cut in halves, navel oranges or discard seeds in others; boil until to the consistency of jelly.

Welsh Rabbit.—One pound of cheese, grated, 1 tablespoon butter, 1 tablespoon tomato catsup, 1/2 teaspoon of salt, 1 gill beer or ale, dash of red pepper. Cook in a double boiler, stirring all the time until smooth and thick. Serve on hot dipped and buttered toast.

French Salad Dressing.—One teaspoon mustard, 1 teaspoon salt, 2 teaspoons flour, 2 teaspoons powdered sugar, few grains cayenne, 1 teaspoon melted but-

ter, yolk of 1 egg, 1/2 cup hot vinegar, 1/2 cup thick cream. Mix dry ingredients. Add butter, egg and vinegar slowly. Cook over boiling water, stirring constantly until the mixture thickens. Cool and then add cream or milk and the white of an egg beaten to a stiff froth. Be sure the yolk of the egg is well beaten before adding to rest, that it may not cook in lumps.

Peach Pie.—Remove skins from peaches by allowing them to stand in hot water a minute, and then plunge into cold water. Cut into eighths and cook until soft, but not broken, with just enough water to keep from burning. Sweeten to taste and cool.

When ready to serve, put peaches into a pastry foundation, already baked; cover with whipped cream, flavored to taste.

Dorothy Dexter.

Crawford

Parlor Stoves

"Crawford Parlor." A genuine indirect draft stove with full return flue; the smoke passes down between the firepot and the outside casing of the stove to a flue beneath the ashpan, thence up and out through the back smoke pipe to the chimney, giving more heat and burning less coal. The grate center slides forward for dumping. Large clinker door; wide, deep ashpan; dust damper; nickel rails removable. Four sizes.

"Tropic Crawford." With or without down draft back pipe. Draw center grate. Best stove made at the price. Nickel rails removable.

Crawford "Wood Parlor." In this new heating stove for wood the front door swings open to give the effect of a fire-place. By moving a slide in this door the fire can be seen without opening the door itself. The slide openings are protected by wire gauze. The main top swings to one side and underneath it is a large plate that lifts to admit large pieces of wood.

This stove is made in both direct and indirect draft styles. It is strongly made and very handsome. Three sizes, to burn 19, 22 or 25 inch lengths.

For Sale by C. W. AVERILL & CO., Barre Agents

An Honest Confession is Good for My Business! ---Isaac S. Yett.

Being perfectly frank with the public is my hobby, and believe me---you've never failed me in a crisis! No man can accuse me of dodging an issue, or failing to face a condition honestly and squarely and that reputation is no little part of my success. You well know that I've been up against it with my \$30,000 stock of high-grade clothing and furnishings in my store and bills being due up to a week ago, I was FACING THE CRISIS OF MY BUSINESS. I was absolutely forced to slash into prices as no other merchant has ever slashed into honest prices before in order to RAISE CASH QUICKLY. Some merchants term these straightforward announcements as "sensational", and I have been criticised for it. Call it "sensational if you wish, but the cold, hard fact remains, that right now, in mid-season, I am selling merchandise at actual cost and less. How the prices talk:

\$15.00 Suits and Overcoats, at \$7.45

\$20.00 Suits and Overcoats, at 10.45

\$25.00 Suits and Overcoats, at 14.45

Men's \$1.50 Sweaters, high neck, at 98c
 Men's 3.00 Sweaters, high neck, at \$1.75
 Men's 5.00 Sweaters, high neck, at 3.35
 Men's 7.50 Sweaters, high neck, at 4.85
 Men's 10.00 Sweaters, high neck, at 6.45

Other
Furnish-
ings and
Shoes at
propor-
tionately
low
prices.

Men's .50 Heavy D. B. Underwear at 37c
 Men's \$1.25 Wool Underwear at 79c
 Men's 2.00 Wool Underwear at \$1.29
 Men's 2.50 Wool Underwear at 1.69
 Men's 2.50 Union Suits at 1.69
